How to use this publication

The use of content from this publication for education, training and information purposes is encouraged including translation, quotation and reproduction. You are free to share, copy and redistribute the material in any medium or format under the following terms:

- **Attribution** — You must give appropriate credit by using the citation above, provide a link to this license, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use.
- **NonCommercial** — You must not use this publication for any commercial or income-generating purpose. No elements of this publication, in part or in whole, may be used to promote any specific individual, entity or product, in any manner whatsoever.
- **NoDerivatives** — Adaptation of the content of this publication is encouraged.
- **No additional restrictions** — You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits.
